Experience

2022 - Present

GRAPHIC DESIGNER / Vaša Propagácia

At high school I lent a job as a graphic designer at an marketing agency. I contributed to brainstorming sessions, offering fresh ideas and creative solutions to design challenges. Working there provided me with invaluable experience in a real-world setting. Developed an strong understanding of client needs and efficient communication skills. Gained practical experience working in a team and crucial insight into industry. On top, I learnt how to balance life, work and academic goals.

Whole life, basically

MY ART JOURNEY

Born from a childhood love of drawing has evolved into interest in graphic design and later to discovery of multimedia design, which ignited my passion for visual storytelling, content creation, web design, AI, advertisement, business and marketing. Fueled by an endless curiosity, I am dedicated to constant learning, mastering tools and expanding my skills to become a comprehensive creative professional. Dreaming of Art Director role, I stay up-to-date on design trends, blending my love for art with smart strategies to create engaging visuals for exciting projects.
